

YWCA IS ON A MISSION

YWCA's daily mission work includes sheltering women and children into safety, teaching life and work skills, repairing dignity and offering a path to a new life for women and families.

So far in 2016, YWCA NCW has sheltered 127 individuals and have helped over 300 with intakes and referrals.

YWCA's Homeless Housing Programs are currently at a \$-26,627.43, and steadily decreasing at a rate of \$-2,662.70 per month. At this rate, these lines of business are projected to end the 2016 year at a shocking \$-31,952.40 for homeless programs. To put that in prospective **the cost to support one woman with one child costs \$10.00 per day. So, for \$3650 you can sponsor one little family in SAFETY for a full year!** Last year, the cost to operate YWCA's Emergency Homeless Shelter was a staggering \$71,000.00, this year will likely be the same. We need your help and continued support in order to continue offering these critical life changing services.

Join me in supporting the YWCA NCW with a tax deductible donation to help reach this very important goal.
